

G 60

Polyester Woven Strapping 19 mm

Woven strapping belts are made of high tensile polyester yarns.

Due to its material characteristics it has low elongation (below 11%), is highly tear proof and absorbs very little moisture.

Furthermore the strapping can be retensioned in case of volume loss in the packaged goods and has a high breaking load, linear and within the system.

Woven strapping belts will not splice, are flexible and universally applicable.

Technical Data

Material:

High tensile polyester yarns, woven, glue coated, pre tensioned and heat dried for higher strength

Belt width	19mm (1/2")
Linear breaking strength	580daN
Max. system strength	900daN
Max. securing load (MSL)	450daN (459 kgf)
Max. strength with buckle	WB-19P
Coil inner core	78 mm
Meters on coil	600 m

Packing

Carton size	350 x 350 x 470 mm
CBM / CFT	0,05757 m³ / 0,62 ft³
Coils per carton	3 coils
Gross weight	20,5 kg
Pallet size	1050 x 1050 x 145 mm
Cartons per pallet	36 cartons
Total weight	748 kg

Item No. 8230209 (G60)

- no damage to most surfaces
- no corrosion & easy handling
- low investment cost
- high shock absorption
- a small, manageable system
- limited resistance against lyes and acids
- no risk of injury for shippers and consignees in using or opening the strapping
