

G 86

Polyester Woven Strapping 25 mm

Woven strapping belts are made of high tensile polyester yarns.

Due to its material characteristics it has low elongation (below 11%), is highly tear proof and absorbs very little moisture.

Furthermore the strapping can be retensioned in case of volume loss in the packaged goods and has a high breaking load, linear and within the system.

Woven strapping belts will not splice, are flexible and universally applicable.

Technical Data

Material:

High tensile polyester yarns, woven, glue coated, pre tensioned and heat dried for higher strength

Belt width	19mm (1")
Linear breaking strength	1200 daN
Max. system strength	1900 daN
Max. securing load (MSL)	950 daN (969 kgf)
Max. strength with buckle	WB-25P
Coil inner core	78 mm
Meters on coil	500 m

Packing

Carton size	370 x 370 x 320 mm
CBM / CFT	0,043808 m³ / 2,27 ft³
Coils per carton	2 coils
Gross weight	21,9 kg
Pallet size	1120 x 1120 x 145 mm
Cartons per pallet	54 cartons
Total weight	1206 kg

Item No. 8230217 (G86)

- no damage to most surfaces
- no corrosion & easy handling
- low investment cost
- high shock absorption
- a small, manageable system
- limited resistance against lyes and acids
- no risk of injury for shippers and consignees in using or opening the strapping
